

## House Parents – L'Eau Vive Provence

L'Eau Vive Provence is an evangelical conference, retreat and holiday centre in Provence that was founded in 1971. 20 minutes from Aix-en-Provence and 40 minutes from Marseille, in a tranquil pine forest setting its purpose is to build up and bless the body of Christ in France and further afield. They organize camps, seminars and retreats all through the year.

They are looking for a couple to carry out maintenance and house-parent duties. Over and above practical skills and experience, they seek a couple with a pastoral heart who would enjoy working in a team under the director, welcoming and looking after the student volunteers and getting alongside all those who pass through the centre. A working knowledge of the French language is desirable.

The current permanent team comprises the director and the cook who live on site with their families, the full time coordinator who lives off site with her family and a part time hospitality manager. Short term volunteers are an essential part of the onsite team. Most come in order to improve their French in a Christian environment.

With 2 buildings comprising 40 beds in 20 rooms many of which are ensuite, 1 hectare of land, a swimming pool, petanque pitch, caravans, a log cabin, a laundry room, a chapel, a library etc L'Eau Vive has extensive facilities that need looking after. They are currently completing renovation to the dining room, kitchen and bedrooms.

Accommodation is a bright self-contained apartment and meals are taken together when the camps and seminars are taking place.
